Beanstack Reading Challenges
Pottstown Regional Public Library

What is Beanstack?

Beanstack is a digital platform where participants log their reading and find activity challenges designed by library staff. There are activities for all ages, babies to adults. Registration is quick and simple, and caregivers can register all their children in one place. Beanstack allows you to log your reading and activities, at home and on the go using the Beanstack Tracker app (find the app in your mobile device's app store and download to use).

How do I sign up?

1. Go to **PPL.Beanstack.org** or download the Beanstack Tracker app for Android or iPhone
2. Click on the "Register and Individual or Family" button
3. Fill in your information! Members of a family can all be on the same account, if you are registering a child, be sure to enter your information under "Adult Information". Beanstack allows families to be linked together so that all family members can be accessed with one login! To change readers, use the button at the top-right of the screen with one of your family members name showing. It will give you a drop down and you can simply toggle between registered family members! You can do this on both the website and app.
4. Once you are registered you will be taken to your account page. This is where you will register for challenges and log your minutes and activities and track badges you earn

How do I log books/minutes or activities?

1. Go to PPL.beanstack.org and login
2. Click on "Log Reading and Activities in the upper left corner or the blue plus sign in the app.
3. Follow the prompts on the screen to log whatever you've accomplished.
4. When you hit a reading landmark, you will receive badges. Some badges are eligible for prizes or virtual tickets! You can complete as many or as few as you choose.
